## NUDIST/NATURIST PRINCIPLES

Nudity is wholesome. Club events shall be conducted with such standards that parents may bring their children.

Nudity is natural. Weather permitting, club events should be outdoors, and development plans should disturb the natural environment as little as possible.

Nudity is universal. Membership shall not be denied on the basis of race, sex, marital status, sexual preference, or ability to pay.

Nudity is freedom. The club's form of government has been, and shall continue to be, an open participatory democracy. Freedom of expression is encouraged.

Nudity is fun. Club members should work to find solutions acceptable to all. Consensus, rather than majority rule, is our preferred method.

—Tallahassee Naturally bylaws

I agree to abide by the principles and bylaws of Tallahassee Naturally, and to participate in the democratic process.

I am aware that married couples are expected to join together.

I am further aware of nudist etiquette on such matters as:

- using a towel when sitting on a chair other than my own
- avoiding overt sexual activity, solicitation, or harassment
- taking photographs only with permission
- using alcohol only in moderation and avoiding illegal drugs entirely
- listening to radios only with headphones
- leaving no litter behind, including cigarette butts

If I have not yet attended three Tallahassee Naturally events, I understand that there is a probationary period during which dues could be returned.

In the event of any losses or injuries sustained by me or by members of my family either on the property of the organization, while participating in off-grounds activities sponsored by the organization, or as a result of my membership therein, I agree to hold harmless and wholly non-liaible the organization and the officers thereof.

I have read the principles and standards printed above and accept them for myself and, as far as possible, on behalf of my immediate family and household, both as to theory and practice. I hereby make application to be accepted as a member of Tallahassee Naturally, and agree to be a worthy member of the organization and to do nothing which will in any way bring the organization into disrepute.

As naturists, we feel a compelling kinship with all other creatures born naked as ourselves, and are concerned with environmental protection. Seeing the diversity of nature itself, we are tolerant, and expect tolerance in return. Together, we work to obtain legal recognition of clothing-optional recreation areas, as well as the rights of skinny-dippers.

—The Naturist Society

We believe in the essential wholesomeness of all human bodies. We believe in the naturalness of social nudism. We consider that exposure of the entire body to light and air is beneficial to physical and mental health. We believe that recreation—from exercise to relaxation and socialization—is enhanced by the nudist experience. We believe that we have the right to practice social nudism in appropriate settings, provided that we do not infringe on the rights of others.
